I understand that the massage/bodywork I receive is provided for the basic purpose for relaxation and relief of muscular tension. I understand that massage/bodywork should not be construed as a substitute for medical examination, diagnosis, or treatment and that I should see a physician or other qualified specialist for any mental or physical ailment of which I am aware. I understand that massage/bodywork practitioners are not qualified to preform spinal or skeletal adjustments, diagnose, prescribe, or treat a physical or mental illness and that nothing said in the course of the session should be construed as such. Because massage/bodywork should not be performed under certain medical conditions, I affirm that I have stated all my known medical conditions and answered all questions honestly. I agree to keep the therapist updated as to any changes in my medical profile and understand that there shall be no liability on the therapist's part should I fail to do so. I also understand that the effects of alcohol in the body are significantly increased as a result of massage, therefore, massage is contradicted if I am under the influence of alcohol and the therapist must decline the massage session. **I also understand that any illicit or sexually suggestive remarks and advances (including but not limited to heavy breathing, moaning, squirming, excessive moving, suggestive, foul, or abusive language, and touching the therapist) made by me will result in the immediate termination of the session, and I will be liable for payment of the session.**
